

Changes made within the TAG Healing Platform

New organization needed to reflect

1. the greater needs in the world
2. extensive violence, pain, death
3. the extensive teams we have available
4. specific focus on male trauma
5. identifying the original Star beings to land, 600,000 years ago

Changes:

1. Greater needs in the world
 - Sananda, the PTO teams, and Galactic Council Collectives are working under the direction of the Intelligence and Greater authority 'voice' of Laniakea
 - Outsiders are no long removed to their original home but are moved into a protocol for extinction into dust of light
 - Short and extensive laser shift to be taught in the next TAG class
2. Extensive violence, pain, death
 - Energies of pain as clouds are circling earth and triggering old patterns -most will not know the origin
 - Shield of extinction around the 6-fold cocoon and part of it, is in constant action
 - Upgrade made within the Hazmat shield to use the power of Grace to become clouds and rain of Pink.... love
3. the extensive teams we have available with clearer directives, for example:
 - PTO
 - Laniakea
 - Galactic Collective Council
 - TAG male and female healing
 - Space ships

- Tesla
 - Gaia's creations
 - Others
4. Specific focus on male trauma
- two TAG teams with One objective
 - Male and Female and Humanity mission
 - Female team under the Divine Female Triad of Gaia, Sophia, Grace - Sophia is my touchpoint for the TAG healing work for female
 - Male team - Archangel Micheal, who has work in TAG from the beginning, is my touchpoint for the TAG haling work for male
 - I am asking to know the specifics of the Divine Male triad
5. identifying the original Star beings to land, 600,000 years ago
- 45 Star souls into female bodies
 - 45 Star souls into male bodies
 - 6 'villages' Star souls,
 - female networking, designing, and 'birthing' the community
 - males, owned and monitored by the outsiders, sitting in meditation, heart space to divert the outsider and create authority for those in female bodies

Clarifying

Sacred Ground Collective Community

- I created the Sacred Ground Collective as a space in which individuals could learn, heal, and build from the concepts from the Ancient Ones which includes our Divine Family's Galactic history, and Earth mission, and assignments given via the male and female body suit.
-
- This is a space to heal, share, and build free of the entrapping limits created by the stories, and half-truths created by those of domination

agendas. On the Galactic Platform of the Ancient Ones' wisdom, understanding Galactic History we recognize false 'truths'. We support each other to build our lives reconnected to our Star family, our Divine Family's original agenda, with laws of energy intended for creating Home on Gaia.

CODE LOVE online and through email to me

- CODE LOVE will activate the TAG protocols of TAG Matrix, DEEP Six, and 11th Hour
- Link to share: <https://www.sacredgroundcollective.org/codelove.html>

For Earth Mission, each Star being, in various lifetimes, made contracts to allow Domination energy to be shown directly through their life or to stay outside of that energy enough to see it is present vicariously. In the TAG/Galactic community, we know Outsiders are here and no longer need to be corded to such contracts. We act because we see, and declare such energy to extinction.

Therefore, All contracts to allow domination to manifest in volunteer's lives are fulfilled. Earth mission volunteers are free and moved to the Light of appreciation, celebration, and healing

My conversations with The Ancient Ones beginning November 4th

November 4

One thing is an absolute, NO Outsiders can be allowed to remain any where with Laniakea!

So many are giving up- seeking answers, blackness is raging.

We have a huge collective of creative geniuses. The Will-knowledge capacities are there to change the energy field instantly. That is how it seems to me.

What is the glitch? What is needed?

From Sananda:

There is a major swirl of danger, disease, violence, etc. as you are hearing and seeing.

The collectives you have named are coordinating clear plans to move humanity and Gaia through this 'mess' as extracting outsider energies have been stepped up a notch.

Me:

We have seen the 'evil', named it, decreed it be moved into extinction and gained authority through Laniakea and does not appear to be done. If we cannot be effective, it is no different than earth leaders with lots of hidden agendas and excuses and gaslighting

This is Not Acceptable

November 4

After watching 'Encounters' on Netflix and seeing the impact of the UFO presence, I said.

"If UFO encounters could have impacted many 'just because' then a collective of DF souls of highest intent could magnify these encounters for removal or consciousness change. We are not business as usual here.

Now is the time to get all outsiders identified and moved to extinction, structures rebuilt and families moved to safety and stability

This is the time

Why is it not being done quickly?

From Sananda

We hear you and agree.

Our hands are tied! There are Outsiders who originated within Laniakea which She has authority over.

It is time for the leadership to shift to Laniakea and GCC with our Galactic and TAG collective in the collaborative.

PTO components who are from outside the DF are assigned to take charge of plans laid and expand their reach and capacity.

From Me

Let's get that started and evaluate in a few days...

November 8

Evaluation and feedback re: bringing outsiders to awareness and extinction

From Sananda

Within the world, there is a lot of acceptance that a great war is necessary, unavoidable, in various groups on the planet. They would simply prepare, move, separate, and make it through

My questions:

What impact are they have on 'causing' and end result such as MAGA in the political realm and Armageddon in the general world on a scale from 1-10 10 being the highest

8

There are individuals and groups promoting peace, harmony, unity

What impact are they having 1-10

10

What factors will determine the outcome?

There are four:

- 1. consistency of the energy building*
- 2. the innovative ways those in spirit are called to eradicate 'cause' energy*

3. *the neutralizing of outsider story, and broadcasting truth*
4. *bringing in the magnificence of Divine Home energy as secured flow to expand resiliency for Humanity and Gaia*

From me

It seems that there is a very extensive group collective working to remove Outsiders within the bigger picture of world/humanity/Laniakea. Is it sufficient to achieve extinction of Outsider energy in my lifetime?

From Sananda

NO and it is the place to begin. By beginning, there is the opportunity to add, modify, exchange, etc. in order to achieve Outsider eradication in your lifetime.

We are satisfied with where we now are and the possibility we sit within

Me:

Let's say the eradication of Outsider energy left in August 2023 was 100% here and in all of Laniakea. Where is the percentage that is left now?

From Sananda

75% present

Me:

In 2000, we began with the goal of 100% sovereignty in the 7 worlds of our Divine Family, all before earth. Where are we not?

Sananda

*The 7 Galactic worlds had been 100% cleared by 2013 *note the information about the allies invited in 5 years ago.*

In the 8 dimensions of Earth fields, how clear

Sananda

2013 30% clear

Now 70% clear

Outsiders have brought in 'allies' from beyond the Divine family's field, that is why we have expanded with GCC and Laniakea, their spaces allowed others to come in with even darker entrenched practices.

Me

When did that begin? In a major way?

Sananda

5 years ago in 2018

Me

Do we need to add new protocols for them and our safety?

Sananda

Yes, you have done that, the extinction shield, working in the higher worlds as platforms, Laniakea to expand authority, and the clarifying of your presence and collaborative group. This is why you are called to work extensively in the inner planes more.

Me:

What % of outsider energies now on the planet are from those outside groups?

Sananda

40%

Me:

Does the TAG and Galactic creative collaborative need any new decrees from me to accomplish the goal of total extinction of domination agendas and energy forms in my lifetime at this time?

Sananda

Yes, We will need to expand our capacity and add various others as we apply what is in place and see gaps in our skill set.

It would be valuable to share this information to those who have been working with you/us to keep them updated.

Me, Reality Statement:

I decree that those in physical bodies working in this collective have direct help, protection, health and 6th world living for themselves and their families.

That their focus in galactic/laniakea projects are not diverted or taken out by 'problems, attacks, disease, directed at their families or self. I trust that will be honored and accomplished.

Sananda

Yes, and we will put that in the hands of our Earth mission collectives also.

Me:

Who is in charge there?

Sananda

Your sisters, Gaia, Sophia, Grace, Mother Mary, Goddess.

Sophia will be your touchpoint.

Me:

Sophia, you have the plans, protocols,, team members, already in place through TAG and galactic to gaia?

Sophia:

Yes we do. We want to have conversations regularly as we take over this part of the collaboration. It is the personal health, restoration, extraction, new design through the TAG healing collective and Divine Female and Divine Male restoration.

a clear 2 prong mission,

- Sananda touchpoint for eradication of domination within the entire laniakea*
- Earth prong, extractions of souls from domination and forms and quick work to bring each to sovereignty, balance in truth, restored to their Divine Family Tribe.*

Me

We need further awareness of Divine Male triad and freeing all in male bodies of domination ownership programs.

Sophia:

Yes that had begun as you and your tribe/collective have decreed.

November 5

two teams under Sophia and Michael

- to heal female damage
- to heal male damage

November 5

I was asked to to a TAG session on souls in male body suits

Old Male story

- revealed in the most traumatic birth, Soul recognize sthat body's system to heart is gone, panic, Something is wrong, realizes that there are no female to hear with the authority declare removal of outsider presence, ownership and restoration of original chakra/power centers.
- forced to be under dominator's rule and control in various subtle and not subtle ways.

New story

- At birth, a male child is surrounded by mother and Sophia collective. Immediately shielded by 6-fold and extinction shield. songs sung to remove 11th our marked patterns.
- removal of original ownership chips held in gonads and then all others.
- Seal all energy flow and forms from domination types back to their originator for extinction

November 8
